WAR CONGRESS ENDS

BRISTLING WITH NEW RECORDS AND ENORMOUS APPROPRIATIONS

SIXTY BILLIONS FOR WAR

To the 66th Congress Will Be Left the Making of Peace—Some Big Problems Are Ahead.

Washington, March 4.—The Sixty-fifth Congress—the most momentous Congress since the birth of the republic—passed into history today.

Its first official act when called into extraordinary session by the President, was to declare war on Germany. Sitting almost continuously it provided for raising an army, for financing the war, solved problem after problem connected with the waging of the conflict, and saw the sweep of America's armies to victory.

To the Sixty-sixth Congress soon to be called into extra session by the President, the Congress that passed out today left the making of peace with the present enemies of the United States.

In its closing hours the Sixty-fifth Congress attacked some of the problems of reconstruction, but the greatest of these go over for solution to the Congress to follow.

The Sixty-fifth Congress broke many records. It appropriated more money. It held longer sessions than any Congress in the past, but the record that will set it apart from any preceding Congress in history will be its lack of partiansship.

From the day the Congress met on April 2, pursuant to the President's proclamation of March 21, 1917, its members were inspired with a single aim, that of crushing the enemies of the United States. Republicans and Democrats worked together in this patriotic endeavor, irrespective of party lines.

The patriotism of only one of its members was impugned. This member was Senator LaFollette of Wisconsin, and he later was vindicated by vote of his colleagues.

Even since Election Day, when the country returned the Republicans to power in both houses, there has been a remarkable spirit of harmony and in most cases the requests of the President have been granted by Congress.

The unprecedented sum of $60,000,000,000 was appropriated by the Sixty-fifth Congress for the purpose of carrying on the war. To meet the obligations of the Government four Liberty Loan campaigns were authorized by the Congress and two revenue bills were passed. Today, with the war at an end, the money is not yet in hand to meet the obligations authorized by the War Congress. Two and possibly three more loan campaigns will be necessary to pay its bills.

The first revenue bill, after nearly a year of preparation, has just become a law. It will raise approximately $6,000,000,000 in 1919 and $4,000,000,000 in 1920. This revenue bill is said to be the most perfect piece of tax legislation ever enacted by any legislative body. In addition, it raises a larger sum than has ever been raised by any single piece of revenue legislation.

When it met, the Congress was confronted with a gigantic problem. It responded promptly to President Wilson's request for the passage of a joint resolution declaring a state of war to exist with the Imperial Garman government, but that was only the beginning of its task.

It had to raise an army and expand the navy with unprecedented speed. The first session was almost entirely devoted to getting things going.

The second session occupied its time with perfecting the war machine the first session had created, and was near its close when the armistice was signed. At that time it was said that the third session would deal with the problems of reconstruction. However, it was found that the reconstruction problems had not taken definite shape when the third session met, and little toward solving them was done in the final session.

Politics came in when the third session got under way. The Senate dabbled in international politics to a degree. The announcement that President Wilson would go abroad to sit at the Peace Conference also caused some criticism.

Tirades against the League of Nations plan were frequent. There also was much criticism of the policies the

AUTO LICENSES TO 200,000

For State Registration and Badges There State Treasury

State Historical Society COLUMBIA

Jefferson City, Mo., March 4.—Although the present automobile registration year is but one month old, it began February 1, Secretary of State Sullivan has issued 129,317 licenses to owners of cars, 1,265 to dealers, 1,025 dealers' duplicate plates, 1,019 to motor cycles, 9,277 chauffeurs' badges and 200 transfers. On that basis the number of automobiles owned in Missouri this year will aggregate considerably more than 200,000 before the registration period is ended.

More than two-thirds of all the automobiles that were licensed in St. Louis and Kansas City last year have been registered for the current year.

The figures for St. Louis for the current year are: Owners, 24,753; chauffeurs, 4,897; motorcycles, 356. For Kansas City: Owners, 18,750; chauffeurs, 1,230; motorcycles, 263.

From these registrations, and the issuance of the licenses, 145,000 persons were waited on by the automobile department of the state within a period of 45 days, either in person or by mail.

FOR CITY MANAGER

AN ASSOCIATION IS FORMED AT EXCELSIOR SPRINGS

WILL URGE LEGISLATION

Plan Is in Use in More Than 120 Cities of U. S. and Is Reported as Working Successfully in Each.

Excelsior Springs, Mo., March 4.—Organization of the City Manager Association has been perfected here with a membership of 125 of the leading business and professional men of this city, with more joining daily to push the city manager bill to be introduced at this session of the legislature. W. Andrew Craven, attorney, was in Jefferson City the past week in the interests of the bill. The association's officers are: O. I. Steele, president; Leslie Bates, secretary, and Hugh Wilhite, treasurer. The bill provides for the election of five councilmen or commissioners, who will draw a small or no salary and who will employ the city manager to be responsible to them for the efficient handling of the city's business. Other third class cities through out the state are much interested in the plan and are working in co-operation with the Excelsior Springs' association At the present time the city manager form of government is in use in 120 or more cities in thirty states and is reported as working successfully in each of them. A bill similar to the present one was introduced at the last legislature and passed the house but never came before the senate.

DIES IN WYOMING

Body of Amos Smith Buried at Burlington Junction Today.

Funeral services for Amos Smith, a brother of J. W. Smith of Burlington Junction, who died in Wyoming, were held this afternoon at the Smith home in Burlington Junction. The body arrived from Wyoming last night. Mr. Smith formerly lived in Nodaway county.

The services were conducted by the Rev. W. H. Rust.

Hartness Changing Farms.

Mr. and Mrs. Harry Hartness are moving today from their farm in the Elm Grove neighborhood, to the Chester Frazee farm, northwest of the city. Mr. Hartness has leased the Frazee farm for this year.

Home From Florida.

Mr. and Mrs. Milo Torrey, living south of Pickering, have returned from an extended trip of several months during which they visited in Kansas, Texas, Alabama and Florida. They spent most of the time in Florida and along the Gulf of Mexico cities staying in the warm climate for the benefit of Mr. Torrey's health which had been quite poor. He is now greatly improved.

NEW YORK SHIPPING TIED UP.

New York, Mar. 4.—The port of New York was completely tied up today by a strike of harbor workers for the second time this year. 16,000 workers quit this morning and 54,000 longshoremen and freight handlers are threatening to strike in sympathy if an attempt is made to run boats with outside crews.

G. O. P. DOORKEEPERS

"ASSISTANTS" WERE NOT ON HAND WHEN WANTED

CHILDREN'S CODE BILLS

Indications That They Will Be Favorably Acted on—Health Control Bill Is Ordered Engrossed.

Jefferson City, March 4. — Despite the fact that the house of representatives controlled by the Republicans has twenty-eight assistants and one doorkeeper much difficulty was found in getting persons on each of the six doors when an executive session was held to hear Dr. G. H. Robinson of the Sanitary Corps of the U. S. Army.

When the executive session was ordered Speaker O'Fallon asked that all doors be guarded and the lobbies and galleries be cleared. When this was done the speaker suggested that some of the "numerous" clerks might perform the duty and after considerable delay the entrances were properly guarded.

It is on the doorkeeper's force that a large number of the negroes employed by the house are taken care of at $3.50 per day, in addition to those in the bill room.

A bill providing for compiling and publishing records of Missourians who served during the war with Germany, together with a history of the engagements in which they fought, has been engrossed.

A measure providing for the state board of health to regulate and control venereal diseases and provide public clinics for their treatment has been engrossed. The federal government is back of the bill and offers to provide $47,000 to enforce it. The government's interest in the matter is occasioned by the large number of men who were unfit for military service because of such ailments.

Indications are that the Children's Code bills by Senators Kinney and Buford will be favorably acted upon. The senate and house committees have reported favorably on the following:

Relating to the abandonment of children.

Raising the age of consent.

Prohibiting the employment of women three weeks before and three weeks after childbirth.

Raising the age of majority for girls.

Prohibiting the marriage of feeble-minded, epileptic and insane persons.

Abolishing common-law marriages.

Establishing the age of marriage for girls at 15.

Requiring the censent of parents for issuance of marriage license to minors.

Providing institutional care for colored children.

Relating to commitments to industrial homes for girls.

Relating to commitments to industrial homes for negro girls.

Treatment of incorrigible minors under the juvenile court age.

State supervision of maternity hospitals.

Establishing a state home for dependent children.

Empowering the courts to commit dependent feeble-minded persons to the state institutions.

Providing increased facilities for the care of the feeble-minded.

Relating to the commitment of deaf children to the state institutions.

Establishing of special classes in the public schools for defective children.

Age at which children may work, hours of work for children.

Issuance of employment certificates.

State superintendent of schools shall supervise work of instruction in certain state institutions.

TWO RECORD DISCHARGES.

Returned Soldiers File Record with County Recorder.

The first discharged soldier to have his discharge papers recorded in the office of the county recorder is Lloyd Lee Strickler of Maryville, who received his discharge at Camp Jackson, Fla. Clyde L. Kegin of Maryville is No. 2 on the record. Kegin was discharged at Fort Oglethorpe, Fla.

In order for discharged soldiers to receive the $60 given by the government it is necessary for them to send their discharge papers to the department. That there is a possibility that they may be lost is given as a reason why it is advisable to have them recorded.

MOURNED AS DEAD--RETURNS

George Webster, Last Reported Severely Wounded in Action in France. —Arrived Home Today.

George Webster, attached to the 34th division American forces overseas, arrived at Parnell this morning to visit his mother, Mrs. Hark Abbott.

The division which young Webster was with was engaged in some of the most severe fighting and he was wounded in action last fall. The official report received by his mother, was the last news she had heard. All efforts to hear since then had been useless and she feared his wounds had resulted fatally.

Webster arrived from France a few days ago and hastened home to surprise his mother.

YOUR "NET INCOME"

WHAT THE NEW TAX LAW DESIGNATES FOR REVENUE.

ALLOWANCES ARE MADE

Bureau Gives Information to Aid in Making Correct Returns for Payment of Taxes.

"Net Income," for the purpose of making out an income tax return, is gross income less certain deductions provided for by the revenue bill. The current act allows the ordinary and necessary expenses, and specifically includes salaries for personal services and rentals paid for business purposes.

Losses incurred by a tax payer in any transaction entered into for profit outside of his regular line of business are allowed. Under the 1917 act deductions for such losses were allowed only to the extent of gains in similar transactions. If, for example, a person made $1,000 in one stock market transaction and in another lost $5,000, he was required to include the $1,000 on his return as gross income and could deduct only that amount as a loss. Under the current act he is allowed a net deduction of $4,000.

A reasonable allowance is made for depreciation of business property, including a reasonable amount for obsolescence. In the case of buildings, machinery and equipment built or acquired after April 6, 1917, and ships built or acquired after that date and used in the prosecution of the war, a reasonable allowance is made for amortization.

A reasonable allowance is made for the depletion of oil and gas wells, other natural deposits and timber, and for depreciation of improvements "according to the peculiar conditions in each case."

Contributions or gifts made during the year 1918 to corporations organized for charitable, scinentific, religious or educational purposes, or for prevention of cruelty to children or animals may be deducted to an amount not exceeding 15 per cent of the taxpayer's net income.

Other items which may be deducted are as follows:

Taxes paid or accrued, except income, war profits and excess profit taxes and those assessed against local benefits of a kind tending to improve the value of the property.

Losses in trade or business if not compensated for by insurance or otherwise.

Loss of property not connected with trade or business if arising from fires, storms, shipwreck or other casualty, or from theft, if not compensated for by insurance or otherwise.

Debits ascertained to be worthless and charged off within the year.

Interest paid or accrued on indebtedness, except indebtedness incurred to purchase securities, the interest on which is exempt from tax.

The following items are not deductible: Personal, family or living expenses. Amounts expended for new buildings or permanent improvements made to improve the value of the property. Amounts expended in restoring property or in making good exhaustion thereof for which an allowance for depreciation has been made. Premiums paid on any life insurance policy covering the life of any officer or employee or any other person financially interested in the trade or business carried on by the taxpayer, when the taxpayer is directly or indirectly a beneficiary in the policy.

The Mesopotamians speak the same language that Jesus used in speaking to his people 1900 years ago.

I. W. W. BOMB PLOT

PLAN TO BLOW UP FIVE CHICAGO BUILDINGS FRUSTRATED

200 ARRESTS ARE MADE

A Score or More of Bolshevists Are Being Held Secretly by Authorities—Powerful Bombs Found.

Chicago, March 4.—A red I. W. W. plot to bomb United States army headquarters building, the city hall, the county building, the Union League Club and the Chicago Club building as protests against wealth and the arrests of I. W. W.'s throughout the country and a blow at militarism, has been successfully frustrated by federal agents and city officers it became known today. A score or more of Bolshevists are being held secretly by the authorities who picked the suspects from more than two hundred I. W. W.'s and Bolsheviki arrests during the past month. The men held are said to be directly implicated in the proposed bombing. Four powerful bombs, each of sufficient power to destroy a large building, are also in possession of the authorities.

FARM MANAGERS BEING TRAINED

Disabled Soldiers Educated for Direction and Control of Modern Farms Are Sure of Jobs.

Washington, March 4.—A large percentage of men in the United States armies coming from farms or semi-rural environment have raised an interesting question in the retraining of disabled men by the federal board for vocational education, as to how the background of agricultural information of these individuals can best be utilized.

The general impression is that when a man has lost his strength his usefulness on a farm is at an end. The federal board does not at all subscribe to this and the course which has been evolved on "farm management" is proving one of the most popular with those men who have taken retraining.

Farm management is the science of organization and management of farm enterprises for the purpose of securing the greatest continued profits. It the **business end of farming.** It deals with farm organization methods, accounts and credits, and is therefore of interest to all classes of farmers including owners, managers and tenents.

In agricultural affairs they have been carried on, the lack of business measures has been amazing. Absolute mismanagement has frequently been the cause of failure and abandonment of farms. Variation in profits on farms is more largely due to mismanagement than unfavorable seasons or fluctuations in prices. Framing has become decidedly a business proposition and the federal board believes that many farms which because of mismanagement are unprofitable, could by reorganization be stablizied and developed into profitable and lucrative undertakings.

Only 60,000 farms out of 1,361,000 according to the 1910 census, employed managers. he small percentage of profits of inefficient management, of idle and incompetent management, makes thousands of farmers not living on their places very desirous to secure farm managers capable of inducing farm management, and to meet this growing need the course in farm management for disabled soldiers has been evolved by the federal board for vocational education, and indications are that the demand for these well trained men will considerably exceed the supply. Disabled men taking training are allowed a support fund of $65 per **month minimum, all** expenses are paid and places found for the graduates, his training is mainly given in the land grant colleges of the various states.

NOTICE OF

Telephone Meeting

The annual meeting of the Peoples' Telephone Union will be held at the Court House in Maryville, Mo., Saturday, March 8, 1919, at 2 o'clock p. m., for the election of officers for the ensuing year and such other business as may legally come before the meeting.

A. M. HUGHES, President,
W. O. GARRETT, Secretary.

LAST HOUR SENATE MEASURE

Were Going on Record in Favor of Demobilization in U. S. Camps, But Gavel Fell.

Washington, March 4.—The sixty-fifth congress, the "war congress" adjourned sine die at noon today. In the senate the members were going on record in favor of the demobilization of troops of cantonments in the United States within thirty days when the vice-president's gavel fell. The demobilization question came most unexpectedly at the end of twelve hours of filibuster to prevent the passage of the general deficiency bill with its railway expense appropriation. This not only defeated the general deficiency bill but in addition three or four other important appropriation measures—army, navy, agricultural and sundry civil bills.

37 WONT HAVE THE LEAGUE

Republican Members of Senate in Next Congress Serve Notice on President They Cannot Support Plan.

Washington, March 4.—Thirty-seven of the forty-nine Republican members of the Senate in the next Congress, which will ratify the peace treaty, served notice last night on the President and the peace conference that they cannot support the League of Nations constitution in its present form. The resolution was offered in the senate at midnight by Senator Lodge and declared that the league constitution as submitted by President Wilson "should not be accepted by the United States," and called upon the peace conference to conclude peace at once with the enemy and reserve the peace league plan for later "careful and serious consideration."

HAS 8,500,000 ILLITERATES

Bill Introduced in Congress to Aid States in Education—Is a National Problem.

Eight and a half million persons in the United States more than 10 years old, cannot read a newspaper, billboard, car card, sign, booklet or letter in the American language. Five and a half millions of them cannot read anything in any language.

These illiterates and aliens outnumber all the people in Nevada, Wyoming, Delaware, Arizona, Idaho, Mississippi, Vermont, Rhode Island, North Dakota, Oregon, Maine, Florida, Connecticut and Washington combined. They exceed the total population of Canada. As voters, their ballots will outweigh the influence of Greater New York, Philadelphia and Chicago in national affairs.

Such people must be educated at least sufficiently to read the Constitution of the United States and American the Administration believes.

This problem is national. The South leads in illiterates. The North leads in the non-English-speaking peoples. Seventeen and one-fourth per cent of the people of the East and South Central States are illiterate, but 15.8 per cent of the people in Passaic, N. J., cannot read, speak or write English. Sixteen per cent of the people of the South Atlantic States are illiterate and so are 13.2 per cent of the people and Fall River, Mass.

Senator Hoke Smith has introduced in the Senate and Congressman William B. Bankhead, the Smith-Bankhead Americanization Bill.

This bill directs the Secretary of the interior through the Bureau of Education to co-operate with the several states in the education of illiterate peoples and in the preparation of teachers for the work. The appropriations begin at once and ends in 1926.

The Chinese do not beckon as we with the palm of the hand turned in, the fingers curled and the index finger successively bending and straightening. They beckon with the fingers curled downward, sweeping the whole **hand vigorously back and forth.**

Owing to their superstition regarding odd numbers, the Siamese strive to have in their houses an even number of rooms, closets, windows and doors.

WILSON PUTS BLAME

SAYS "WILLFUL LEGISLATORS" HELD UP IMPORTANT MEASURES

THE FILLIBUSTER WINS

Besides the General Deficiency Bill, Army, Navy and Agricultural Bills Fail of Passage.

Washington, March 4.—President Wilson in a formal statement issued from the White House this afternoon restated his refusal to call an extra session of next congress and puts the blame directly upon those "willful legislators" who obstructed important measures in the closing hours of the sixty-fifth congress and bespoke confidence of the American people in the course he has taken.

"I confidently hope the people of the country will think I am making the right choice," he said.

Washington, March 4.—Administration leaders in the senate shortly after 10 o'clock admitted defeat and announced their intention of allowing the filibuster against the general deficiency bill to take its course without further efforts to interrupt it. Senator Sherman of Illinois, who began speaking at 7:30 o'clock, still occupied the floor when the announcement came. Director General of Railroads Hines and Secretary of Treasury Glass appeared in the lobby about the same moment.

Besides the general deficiency bill with its 750 million dollars appropriation for defraying the expenses of federal railway control, the army appropriation bill, the navy appropriation bill, the agricultural bill and sundry civil bills will fail of passage at this session of congress.

42d TO AID IN VICTORY DRIVE.

Washigton, March 4.—Sailing for home of the forty-second division (Rainbow) has been advanced ten days so the men may arrive in this country April 25 and co-operate in stimulating interest in the Victory loan drive, which is scheduled to start about that time, the Treasury department announced today.

GOING ON ANOTHER STRIKE.

Berlin, March 4.—A general strike involving one million five hundred thousand workers is effective today. It is rumored the Spartacides and Independents control thirty thousand armed men. The feeling runs high. The government officials are gloomy and fear ousting of government troops. It is feared much blood will flow.

MARTIAL LAW AT BERLIN.

Copenhagen, March 4.—Martial law was declared at Berlin, Spandu and Tellow today by the Prussian government to protect the workers from famine and terrorism of the minority, said a Berlin dispatch.

Returns to Wisconsin.

M. A. Pierce of Eau Claire, Wis., who has been visiting his aunt, Mrs. Margaret Pierce, and his cousins, Mr. and Mrs. W. C. Pierce and Miss Hattie Pierce, for several days, will leave tonight for his home.

Obtain License in St. Joseph.

A marriage license was issued in St. Joseph yesterday to Miss Ruth Merrigan of Clyde, and Emmett Growney of Conception Junction.

To Live in Oklahoma.

Mrs. Mary T. Wright and her daughters, Elaine and Billy, left this morning for Collinsville, Okla., to make their home. Mrs. Wright has recently purchased a photographic studio at Collinsville and will take charge of it immediately.

In paving their streets the Russians use bricks made of a combination of coal dust, treacle and resin.

BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of kidneys are usually indicated by stiff lame backs and other wrenching pains, which are nature's signals for help!

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of the pure, original GOLD MEDAL Haarlem Oil Capsules, imported fresh every month from the laboratories in Haarlem, Holland. Pleasant and easy to take, they instantly attack the poisonous germs clogging your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.

A SKIDMORE BOY IN ROME.

Paul Karr, with U. S. Naval Forces, Writes of Visit in Ancient City.

Paul W. Karr, of Skidmore, with the American Naval Forces in Eastern waters, in a letter to home folks, writes interestingly of a trip to Rome. His letter follows:

January 26.—We are on our way to Spezia, Italy, where there is a large naval base. None of us know what we are going for, as it was not on our schedule before we came to Rome. Some say we are going there to get our medals or service stars from the Italian government for service during the war, while others claim these boats are going to be sold to them. This trip I was in Rome three days. The Y. M. C. A. gave us dances and we had some wonderful times, as there were a number of Red Cross nurses to help entertain us. It was the first chance we had to talk to American girls since we left the States. Of course we had our own jazz band which always makes a hit. We were shown a pillar in the temple that Christ leaned against, the temple is said to be the one that was being used by the people as a market place at that time. Also in St. Peter's we were shown a sword with which a Roman soldier was said to have stabbed Christ. We saw the ruins of the Forum, the Coliseum, Circus Mazimus and ate dinner in a room that was once a part of the palace of the Caesars. In the Forum we were shown where the body of Julius Caesar was buried and the spot where he was stabbed by Brutus. We also saw the place where Mark Anthony delivered his speech against Brutus. We also met some fine people there. A Rumanian princess and her two daughters of the American Consul at Rome were there. Had we been there two weeks earlier we would have gotten to see President Wilson. I couldn't begin to tell you all about the ancient art we saw at all the different places. Most of the original paintings and statues were in the Vatican, but some of the work of Michael Angelo still remained in St. Peters as was also some of the work of Raphael. It has been a year and four months since I came over, and I hope it won't be long before I can start back. It is getting rough and I will quit.

PAUL W. KARR,
U. S. S., C 124, U. S. Naval Forces.

The first Moro girls ever graduated as nurses received their diplomas as members of the class of 1918 from the Philippine general hospital.

PLAN MARCH ON MUNICH.

Zurich, Mar. 4.—Troops are being concentrated at Passau, Ratisbon and Ingolstadt to march upon the Bavarian capital, according to frontier information today.

MARRIED 68 YEARS.

Meriden, Conn., Mar. 3. — Mr. and Mrs. George A. Parker have just observed the sixty-eighth anniversary of their wedding at their home here. Mr. Parker is enjoying fine health at ninety-three and Mrs. Parker at eigthy-five, is very active. They were married in Vermont in the fifties and drove the entire distance to this city with horse and wagon when they removed here in 1859.

REIMER'S MARKET
410 NORTH MAIN ST.

Brilliant Dancing Party.

The pre-lenten dance given last night in the K. of C. hall by Mrs. William Foster, was an unusually charming affair attended by forty-eight couples. The decorations were of oriental brilliancy and the plan used was one of the most novel and attractive ball room features ever introduced. The ceiling was covered with a black crepe paper canopy from which were suspended numerous bubble balloons and myriads of lights in Japanese shades. The Japanese effect was carried out in other decorations. Punch was served and upon entering, each person was given a number. Later the numbers were drawn out and the prize favors won by Miss Thurla Spoor and Frank Schrumacher. The music was given by a five piece orchestra composed of Mrs. Vera Sayler Pickett, Mr. Sanford, Frank and Ed Schumacher and Ralph Yehle. Mrs. Foster will hold an informal dance tonight at the hall and with the beginning of Lent tomorrow, there will be no dances during the remainder of this week and hereafter until the close of Lent, there will be only the Thursday night class and informal dances each week.

Great Sacrifice of France for America.

France has put 6 million of her 36 million population into the trenches and has poured out her life's blood for America and Democracy. In addition we owe her a large debt of gratitude for a perfect remedy for stomach, liver and intestinal ailments wheich her peasants discovered and successfully used. The ingredients are now imported and sold by Geo. H. Mayr, leading Chicago chemist, under the name of Mayr's Wonderful Remedy. Marvelous results are said to have been achieved by it here. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

FUEL SAVING

In these days of high priced fuel you cannot afford to use a cheap range or any range that wastes fuel. If it only wastes 5c worth of fuel a day you waste $18.25 a year or about the price of a Copper-Clad every 5 years.

The four walls and air space of the Copper-Clad Range holds heat like a thermos bottle. Even the doors are double with a big air space between the two walls.

The sheet of pure copper between the asbestos and outer wall or rang body overcomes all internal rust, making the Copper-Clad last years and years longer than any other range.

Add $18.25 to the price of any range for the first year, then $18.25 for the second and so on every year. You can't afford to buy any range but a Copper-Clad — THE WORLD'S GREATEST RANGE.

WAR CONGRESS ENDS

(Continued from page 1)

President was standing for abroad. It is to be noted, however, that the majority of the Senate always was strongly behind the President in his efforts overseas.

The second session was the longest Congressional session ever held. It took up 354 days.

The Sixty-fifth Congress, during the progress of the war, delegated more power to the President and the executive departments than any Congress ever has in the past.

The Congress that expired today enacted more laws, the constitutionality of which could be seriously called into question, than any other Congress. The laws all were enacted, however, in the interest of winning the war.

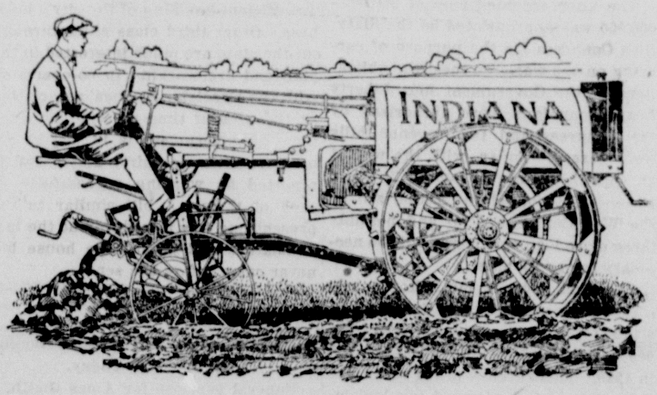
Tractor



Economy in production is as important as conservation after production. Labor shortage and high production costs make labor saving machinery and better methods imperative. Thomas Edison, the world's greatest exponent of labor saving machinery says: "The horse is the most unscientific maker of power in use today." Any tractor, therefore, which actually replaces horses, eliminating their keep and investment, should be regarded as economical. To replace horses satisfactorily, the tractor of course, should not do only all that horses do, and more of it, but do it at less cost. With these facts prominently in mind, we offer the farmers the

Indiana Tractor

which has been especially designed to cover the widest range of use and to operate at the lowest possible cost. This tractor can be used on your plow, disc, harrow, corn planter, cultivator, seeder, mowing machine, grain binder, corn binder, or any machine horses can be hitched to.

Anyone interested in a silo ensilage cutter or farm tractor, either notify the Indiana Silo Co., at Des Moines, or Kansas City, or

J. L. Larison

their local agent, wider known as Silo John, Bedford, Iowa, and he will explain the proposition and give you prices.

Larison Bros. will have a tractor in operation at the farm 7 miles east of Bedford, Iowa, that can be seen at any time.

SOCIETY and CLUBLAND

By KATE SCHENCK

PHONES—OFFICE 42. HOME 685

Entertains Bridge Club.

Miss Clara Sturm entertained the Tuesday Afternoon Bridge club with a bridge tea this afternoon. The visiting guests were Mrs. M. Nusbaum, Mrs. B. M. Chandler, Mrs. Will Phares and Mrs Fayette Bellows.

To Hear Concert Singer.

Dr. and Mrs. D. J. Thomas will go to St. Joseph this evening to her Miss Lucy Gates, the young American soprano with the Barrere Ensemble in concert at the auditorium tonight. While in St. Joseph Dr. and Mrs. Thomas will be guests of Mr. and Mrs. S. F. Oakford.

Meeting Place Changed.

The meeting of Circle number two of the First Baptist Women's auxiliary, which was to have been held with Mrs. Bruce Montgomery on Thursday afternoon, has been changed to the home of Mrs. Henry Eckert on West Seventh street and it will meet at 2:30 o'clock Thursday afternoon. Mrs. Montgomery's little daughter, Jean, is ill, and for that reason the change is made. Mrs. C. D. Nicholas will be leader of the program hour.

Dinner for Navy Boys.

Mr. and Mrs. Harley Dowis, living northeast of the city, gave a 6 o'clock dinner Sunday evening in honor of Glee Bainum, Orla Watson and Alson Smith, who have just returned from service in the navy. Plates were laid for Miss Mable Allison, Miss Essie Watson, Miss Inez Duncan, Miss Zola Dowis, Alson Smith, Orla Watson, Glee Bainum, Charles Tucker, and the hosts. The dinner was also a farewell compliment to Alson Smith, who leaves soon for Ottawa, Kan., to make his future home.

Mr. and Mrs. Stoner Entertain.

Mr. and Mrs. Byron Stoner entertained the members of the Maple Leaf Telephone club with a pleasant party Saturday night at their country home northeast of the city. An oyster supper was served. Those present were Mr. and Mrs. E. R. Brown, Mr. and Mrs. C. P. Dowis, Mr. and Mrs. E. E. Dowis, Mr. and Mrs. Preston Dowis, Mr. and Mrs. Pankan, Mr. and Mrs. Bode Duncan, Miss Anna Alyn, Miss Esther Dalton, Misses Marjorie, Eula and Leta Dowis, Miss Miria Brown, Miss Daisy Miller, Miss Esther Stoner, Mr. and Mrs. Jesse Johnson, Miss Carrie Dowis, Raymond and Roy Duncan, Luther Brown, Virgil Stoner, Howard Blake, Willie Alyn and Mr .and Mrs. Stoner.

Entertain Co-Employes.

Miss Gertrude Condon, Mrs. Gay Leeper and Miss Agatha Kirch entertained the women employes and the wives of the men of the Alderman-Yehle dry goods store with a domino party last night at the home of Miss Condon on West First street. The prizes for the high score were won by Mrs. C. W. Yehle and Miss Neva Key. The luncheon and game favors were carried out in pink and white. The guests were Mrs. C. W. Yehle, Mrs. M. J. Alderman, Mrs. L. B. Tracy, Mrs. John Schwartz, Mrs. R. G. Allan, Mrs. John Kirch, Mrs. B. E. Condon, Mrs. Mary Wyatt Moore, Mrs. Hope Dewitt, Mrs. R. C. Bohart, Mrs. Blanche Lawler, Mrs. Milton Garrett, Misses Katherine and Theresa Yehle, Miss Vada Foland, Miss Charity Wiseman, Miss Emma Ballenger, Miss Prudye Saunders, Miss Verna Crosby, Miss Epha Drumm, Miss Neva Key, Miss Ruby Key, Miss Addie Yeo, Misses Mildred and Jennie Evans, Miss Hilda Lahr and Miss Marie Cook.

Business Women Forget Work.

The Business Girls' League put yard measures, styles and office problems in the cannery last night and held a kid party at the high school. All were dressed in juvenile costumes, there was an impromptu program in which all took part or paid a forfeit, and there was refreshments of striped candy, ice cream cones and other eats of the favorite childhood brand were served.

Dried white mulberry is one of the principal articles of food in Afganistan.

Another Auction Day

The auction sale of general merchandise last Saturday was one of the most interesting events in the history of Arkoe and all those who attended took home with them some rare bargains. But the big stock was too much for one day's selling. So, in order to clean up the last remaining piece of merchandise, we are going to repeat the performance

Saturday, March 8

The SALE WILL START AT 11 O'CLOCK AND WILL CONTINUE UNTIL EVENING. At noon the ladies of the Methodist church of Arkoe will serve another of their delicious lunches, so be sure and be there in time.

THERE STILL ARE PLENTY OF RICH, RARE BARGAINS FOR ALL AND THEY GO AT THE PRICE YOU NAME.

ALL PERSONS HAVING ACCOUNTS AT THIS STORE will please call and settle this week, as I wish to get the decks cleared for action on the farm as soon as possible.

T. W. COULTER,
ARKOE, MISSOURI.

Druggists: Vick's Vaporub Shortage Overcome at Last

The Deal Scheduled for Last November Which Was Postponed on Account of the Influenza Epidemic, Is Now Re-Instated—Good During the Month of March.

OVER ONE MILLION JARS OF VAPORUB PRODUCED EACH WEEK.

It is with pride that we announce to the drug trade that the shortage of Vick's VapoRub, which has lasted since last October, is now overcome. Since January 1, we have been running our laboratory twenty-three and a half hours out of every twenty-four. Last week we shipped the last of our back orders, and retail druggists, therefore, are no longer requested to order in small quantities only.

NOVEMBER DEAL RE-INSTATED.

This deal, which we had expected to put on last November and which had to be postponed on account of the shortage of VapoRub, is re-instated for the month of March. This allows a discount of 10 per cent on shipments from jobbers' stock of quantities of from 1 to 4 gross, 5 per cent of this discount is allowed by the jobber and 5 per cent by us.

We advise the retail druggists to place their orders immediately, so that the jobbers will be able to get prompt shipments to them.

THANKS TO THE PUBLIC DUE THE DRUG TRADE DURING THE INFLUENZA EPIDEMIC.

The thanks of the American public are certainly due the entire drug trade—retail, wholesale and manufacturing—for what they accomplished during the recent influenza epidemic. The war caused a shortage of physicians—nurses were almost impossible to obtain—the demand on the drug trade was unexpected and overwhelming, and to this demand they responded nobly. Retail druggists kept open day and night and slept where they dropped behind the prescription counter. Wholesale druggists called their salesmen off the road to help fill orders—hundreds wired us to ship Vick's VapoRub by the quickest route, regardless of expense.

A TREMENDOUS JOB TO INCREASE OUR PRODUCTION.

In this emergency we have tried to do our part. We scoured the country for raw materials—our Traffic Manager spent his days riding freight cars in—we shipped raw materials in carload lots by express and pleaded with manufacturers to increase their deliveries to us.

But it was a slow process. Some of our raw materials are produced only in Japan—supplies in this country were low and shipments required three months to come from the Far East. Then we had to recruit and train skilled labor. We brought our salesmen into the factory and trained them as foremen. We invented new machinery, and managed to install it on Christmas day, so as not to interfere with our daily production.

143 JARS VAPORUB EVERY MINUTE DAY AND NIGHT.

By January 1 we had everything ready to put on our night shift, and since then our laboratory has been running day and night. To feed our automatic machines, which drop out one hundred and forty-three jars of VapoRub a minute or one million and eighty thousand weekly, has required a force of 500 people. Our Cafe Department, created for the benefit of these workers, served 7,000 meals during the month of January alone.

13 MILLION JARS OF VAPORUB DISTRIBUTED SINCE OCT.

An idea of the work we have accomplished this Fall may be given by our production figures—13,028,976 jars of VapoRub manufactured and distributed since last October—one jar for every two families in the entire United States.

During the influenza epidemic, Vick's VapoRub was used as an external application in connection with the physician's treatment, and thousands of people, unable to obtain a doctor, relied on Vick's almost exclusively.

Literally millions of families all over the country, from California to Maine, and from the Great Lakes to the Gulf, have found Vick's VapoRub the ideal home remedy for croup and cold troubles.

VICK'S VAPORUB
30¢ 60¢ $1.20 "YOUR BODYGUARD"

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50

HOOSIER

— the Kitchen Cabinet that saves miles of steps

"I've banished evening weariness by saving needless steps"

START THE SEASON RIGHT by selecting YOUR Hoosier today. This automatic servant is the right of EVERY woman. With its many work-reducing inventions, the Hoosier is equally as important as the modern appliances that make man's work easier and his days more enjoyable.

In Hoosier homes it saves, each day, thousands of miles of needless steps and as many wasted hours—its 17 exclusive features cut kitchen work in half and, when evening comes, exhaustion is unknown.

America's twenty million kitchens is our biggest industry, yet it is equipped with fewer labor-saving devices than any other. Woman and woman's work have been neglected. The fault, in many cases, is her own. She has not demanded this "greatest helper."

Not only does the Hoosier solve home-keeping problems, but it adds attractiveness to woman's workshop. It removes the need for apology and saves energy by centralizing utensils and supplies.

DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 9. MARYVILLE, MISSOURI. TUESDAY, MAR. 4, 1919 NO. 231.

WAR CONGRESS ENDS

BRISTLING WITH NEW RECORDS AND ENORMOUS APPROPRIATIONS

SIXTY BILLIONS FOR WAR

To the 66th Congress Will Be Left the Making of Peace—Some Big Problems Are Ahead.

Washington, March 4.—The Sixty-fifth Congress—the most momentous Congress since the birth of the republic—passed into history today.

Its first official act when called into extraordinary session by the President, was to declare war on Germany. Sitting almost continuously it provided for raising an army, for financing the war, solved problem after problem connected with the waging of the conflict, and saw the sweep of America's armies to victory.

To the Sixty-sixth Congress soon to be called into extra session by the President, the Congress that passed out today left the making of peace with the present enemies of the United States.

In its closing hours the Sixty-fifth Congress attacked some of the problems of reconstruction, but the greatest of these go over for solution to the Congress to follow.

The Sixty-fifth Congress broke many records. It appropriated more money. It held longer sessions than any Congress in the past, but the record that will set it apart from any preceding Congress in history will be its lack of partiansship.

From the day the Congress met on April 2, pursuant to the President's proclamation of March 21, 1917, its members were inspired with a single aim, that of crushing the enemies of the United States. Republicans and Democrats worked together in this patriotic endeavor, irrespective of party lines.

The patriotism of only one of its members was impugned. This member was Senator LaFollette of Wisconsin, and he later was vindicated by vote of his colleagues.

Even since Election Day, when the country returned the Republicans to power in both houses, there has been a remarkable spirit of harmony and in most cases the requests of the President have been granted by Congress.

The unprecedented sum of $60,000,000,000 was appropriated by the Sixty-fifth Congress for the purpose of carrying on the war. To meet the obligations of the Government four Liberty Loan campaigns were authorized by the Congress and two revenue bills were passed. Today, with the war at an end, the money is not yet in hand to meet the obligations authorized by the War Congress. Two and possibly three more loan campaigns will be necessary to pay its bills.

The first revenue bill, after nearly a year of preparation, has just become a law. It will raise approximately $6,000,000,000 in 1919 and $4,000,000,000 in 1920. This revenue bill is said to be the most perfect piece of tax legislation ever enacted by any legislative body. In addition, it raises a larger sum than has ever been raised by any single piece of revenue legislation.

When it met, the Congress was confronted with a gigantic problem. It responded promptly to President Wilson's request for the passage of a joint resolution declaring a state of war to exist with the Imperial Garman government, but that was only the beginning of its task.

It had to raise an army and expand the navy with unprecedented speed. The first session was almost entirely devoted to getting things going.

The second session occupied its time with perfecting the war machine the first session had created, and was near its close when the armistice was signed. At that time it was said that the third session would deal with the problems of reconstruction. However, it was found that the reconstruction problems had not taken definite shape when the third session met, and little toward solving them was done in the final session.

Politics came in when the third session got under way. The Senate dabbled in international politics to a degree. The announcement that President Wilson would go abroad to sit at the Peace Conference also caused some criticism.

Tirades against the League of Nations plan were frequent. There also was much criticism of the policies the

AUTO LICENSES TO 200,000

State Historical Society COLUMBIA

For State Registra and Badges There State Treasury

Jefferson City, Mo., March 4.—Although the present automobile registration year is but one month old, it began February 1, Secretary of State Sullivan has issued 129,317 licenses to owners of cars, 1,265 to dealers, 1,025 dealers' duplicate plates, 1,019 to motor cycles, 9,277 chauffeurs' badges and 200 transfers. On that basis the number of automobiles owned in Missouri this year will aggregate considerably more than 200,000 before the registration period is ended.

More than two-thirds of all the automobiles that were licensed in St. Louis and Kansas City last year have been registered for the current year.

The figures for St. Louis for the current year are: Owners, 24,753; chauffeurs, 4,897; motorcycles, 356. For Kansas City: Owners, 18,750; chauffeurs, 1,230; motorcycles, 263.

From these registrations, and the issuance of the licenses, 145,000 persons were waited on by the automobile department of the state within a period of 45 days, either in person or by mail.

FOR CITY MANAGER

AN ASSOCIATION IS FORMED AT EXCELSIOR SPRINGS

WILL URGE LEGISLATION

Plan Is in Use in More Than 120 Cities of U. S. and Is Reported as Working Successfully in Each.

Excelsior Springs, Mo., March 4.—Organization of the City Manager Association has been perfected here with a membership of 125 of the leading business and professional men of this city, with more joining daily to push the city manager bill to be introduced at this session of the legislature. W. Andrew Craven, attorney, was in Jefferson City the past week in the interests of the bill. The association's officers are: O. I. Steele, president; Leslie Bates, secretary, and Hugh Wilhite, treasurer. The bill provides for the election of five councilmen or commissioners, who will draw a small or no salary and who will employ the city manager to be responsible to them for the efficient handling of the city's business. Other third class cities through out the state are much interested in the plan and are working in co-operation with the Excelsior Springs' association At the present time the city manager form of government is in use in 120 or more cities in thirty states and is reported as working successfully in each of them. A bill similar to the present one was introduced at the last legislature and passed the house but never came before the senate.

DIES IN WYOMING

Body of Amos Smith Buried at Burlington Junction Today.

Funeral services for Amos Smith, a brother of J. W. Smith of Burlington Junction, who died in Wyoming, were held this afternoon at the Smith home in Burlington Junction. The body arrived from Wyoming last night. Mr. Smith formerly lived in Nodaway county.

The services were conducted by the Rev. W. H. Rust.

Hartness Changing Farms.

Mr. and Mrs. Harry Hartness are moving today from their farm in the Elm Grove neighborhood, to the Chester Frazee farm, northwest of the city. Mr. Hartness has leased the Frazee farm for this year.

Home From Florida.

Mr. and Mrs. Milo Torrey, living south of Pickering, have returned from an extended trip of several months during which they visited in Kansas, Texas, Alabama and Florida. They spent most of the time in Florida and along the Gulf of Mexico cities staying in the warm climate for the benefit of Mr. Torrey's health which had been quite poor. He is now greatly improved.

NEW YORK SHIPPING TIED UP.

New York, Mar. 4.—The port of New York was completely tied up today by a strike of harbor workers for the second time this year. 16,000 workers quit this morning and 54,000 longshoremen and freight handlers are threatening to strike in sympathy if an attempt is made to run boats with outside crews.

G. O. P. DOORKEEPERS

"SSISTANTS" WERE NOT ON HAND WHEN WANTED

CHILDREN'S CODE BILLS

Indications That They Will Be Favorably Acted on—Health Control Bill Is Ordered Engrossed.

Jefferson City, March 4. — Despite the fact that the house of representatives controlled by the Republicans has twenty-eight assistants and one doorkeeper much difficulty was found in getting persons on each of the six doors when an executive session was held to hear Dr. G. H. Robinson of the Sanitary Corps of the U. S. Army.

When the executive session was ordered Speaker O'Fallon asked that all doors be guarded and the lobbies and galleries be cleared. When this was done the speaker suggested that some of the "numerous" clerks might perform the duty and after considerable delay the entrances were properly guarded.

It is on the doorkeeper's force that a large number of the negroes employed by the house are taken care of at $3.50 per day, in addition to those in the bill room.

A bill providing for compiling and publishing records of Missourians who served during the war with Germany, together with a history of the engagements in which they fought, has been engrossed.

A measure providing for the state board of health to regulate and control venereal diseases and provide public clinics for their treatment has been engrossed. The federal government is back of the bill and offers to provide $47,000 to enforce it. The government's interest in the matter is occasioned by the large number of men who were unfit for military service because of such ailments.

Indications are that the Children's Code bills by Senators Kinney and Buford will be favorably acted upon. The senate and house committees have reported favorably on the following:

Relating to the abandonment of children.

Raising the age of consent.

Prohibiting the employment of women three weeks before and three weeks after childbirth.

Raising the age of majority for girls.

Prohibiting the marriage of feeble-minded, epileptic and insane persons.

Abolishing common-law marriages.

Establishing the age of marriage for girls at 15.

Requiring the censent of parents for issuance of marriage license to minors.

Providing institutional care for colored children.

Relating to commitments to industrial homes for girls.

Relating to commitments to industrial homes for negro girls.

Treatment of incorrigible minors under the juvenile court age.

State supervision of maternity hospitals.

Establishing a state home for dependent children.

Empowering the courts to commit dependent feeble-minded persons to the state institutions.

Providing increased facilities for the care of the feeble-minded.

Relating to the commitment of deaf children to the state institutions.

Establishing of special classes in the public schools for defective children.

Age at which children may work, hours of work for children.

Issuance of employment certificates.

State superintendent of schools shall supervise work of instruction in certain state institutions.

TWO RECORD DISCHARGES.

Returned Soldiers File Record with County Recorder.

The first discharged soldier to have his discharge papers recorded in the office of the county recorder is Lloyd Lee Strickler of Maryville, who received his discharge at Camp Jackson, Fla. Clyde L. Kegin of Maryville is No. 2 on the record. Kegin was discharged at Fort Oglethorpe, Fla.

In order for discharged soldiers to receive the $60 given by the government it is necessary for them to send their discharge papers to the department. That there is a possibility that they may be lost is given as a reason why it is advisable to have them recorded.

MOURNED AS DEAD--RETURNS

George Webster, Last Reported Severely Wounded in Action in France. —Arrived Home Today.

George Webster, attached to the 34th division American forces overseas, arrived at Parnell this morning to visit his mother, Mrs. Hark Abbott.

The division which young Webster was with was engaged in some of the most severe fighting and he was wounded in action last fall. The official report received by his mother, was the last news she had heard. All efforts to hear since then had been useless and she feared his wounds had resulted fatally.

Webster arrived from France a few days ago and hastened home to surprise his mother.

YOUR "NET INCOME"

WHAT THE NEW TAX LAW DESIGNATES FOR REVENUE.

ALLOWANCES ARE MADE

Bureau Gives Information to Aid in Making Correct Returns for Payment of Taxes.

"Net Income," for the purpose of making out an income tax return, is gross income less certain deductions provided for by the revenue bill. The current act allows the ordinary and necessary expenses, and specifically includes salaries for personal services and rentals paid for business purposes.

Losses incurred by a tax payer in any transaction entered into for profit outside of his regular line of business are allowed. Under the 1917 act deductions for such losses were allowed only to the extent of gains in similar transactions. If, for example, a person made $1,000 in one stock market transaction and in another lost $5,000, he was required to include the $1,000 on his return as gross income and could deduct only that amount as a loss. Under the current act he is allowed a net deduction of $4,000.

A reasonable allowance is made for depreciation of business property, including a reasonable amount for obsolescence. In the case of buildings, machinery and equipment built or acquired after April 6, 1917, and ships built or acquired after that date and used in the prosecution of the war, a reasonable allowance is made for amortization.

A reasonable allowance is made for the depletion of oil and gas wells, other natural deposits and timber, and for depreciation of improvements "according to the peculiar conditions in each case."

Contributions or gifts made during the year 1918 to corporations organized for charitable, scinentific, religious or educational purposes, or for prevention of cruelty to children or animals may be deducted to an amount not exceeding 15 per cent of the taxpayer's net income.

Other items which may be deducted are as follows:

Taxes paid or accrued, except income, war profits and excess profit taxes and those assessed against local benefits of a kind tending to improve the value of the property.

Losses in trade or business if not compensated for by insurance or otherwise.

Loss of property not connected with trade or business if arising from fires, storms, shipwreck or other casualty, or from theft, if not compensated for by insurance or otherwise.

Debits ascertained to be worthless and charged off within the year.

Interest paid or accrued on indebtedness, except indebtedness incurred to purchase securities, the interest on which is exempt from tax.

The following items are not deductible: Personal, family or living expenses. Amounts expended for new buildings or permanent improvements made to improve the value of the property. Amounts expended in restoring property or in making good exhaustion thereof for which an allowance for depreciation has been made. Premiums paid on any life insurance policy covering the life of any officer or employee or any other person financially interested in the trade or business carried on by the taxpayer, when the taxpayer is directly or indirectly a beneficiary in the policy.

The Mesopotamians speak the same language that Jesus used in speaking to his people 1900 years ago.

I. W. W. BOMB PLOT

PLAN TO BLOW UP FIVE CHICAGO BUILDINGS FRUSTRATED

200 ARRESTS ARE MADE

A Score or More of Bolshevists Are Being Held Secretly by Authorities—Powerful Bombs Found.

Chicago, March 4.—A red I. W. W. plot to bomb United States army headquarters building, the city hall, the county building, the Union League Club and the Chicago Club building as protests against wealth and the arrests of I. W. W.'s throughout the country and a blow at militarism, has been successfully frustrated by federal agents and city officers it became known today. A score or more of Bolshevists are being held secretly by the authorities who picked the suspects from more than two hundred I. W. W.'s and Bolsheviki arrests during the past month. The men held are said to be directly implicated in the proposed bombing. Four powerful bombs, each of sufficient power to destroy a large building, are also in possession of the authorities.

FARM MANAGERS BEING TRAINED

Disabled Soldiers Educated for Direction and Control of Modern Farms Are Sure of Jobs.

Washington, March 4.—A large percentage of men in the United States armies coming from farms or semi-rural environment have raised an interesting question in the retraining of disabled men by the federal board for vocational education, as to how the background of agricultural information of these individuals can best be utilized.

The general impression is that when a man has lost his strength his usefulness on a farm is at an end. The federal board does not at all subscribe to this and the course which has been evolved on "farm management" is proving one of the most popular with those men who have taken retraining.

Farm management is the science of organization and management of farm enterprises for the purpose of securing the greatest continued profits. It the business end of farming. It deals with farm organization methods, accounts and credits, and is therefore of interest to all classes of farmers including owners, managers and tenents.

In agricultural affairs they have been carried on, the lack of business measures has been amazing. Absolute mismanagement has frequently been the cause of failure and abandonment of farms. Variation in profits on farms is more largely due to mismanagement than unfavorable seasons or fluctuations in prices. Framing has become decidedly a business proposition and the federal board believes that many farms which because of mismanagement are unprofitable, could by reorganization be stablizied and developed into profitable and lucrative undertakings.

Only 60,000 farms out of 1,361,000 according to the 1910 census, employed managers. he small percentage of profits of inefficient management, of idle and incompetent management, makes thousands of farmers not living on their places very desirous to secure farm managers capable of inducing farm management, and to meet this growing need the course in farm management for disabled soldiers has been evolved by the federal board for vocational education, and indications are that the demand for these well trained men will considerably exceed the supply. Disabled men taking training are allowed a support fund of $65 per month minimum, all expenses are paid and places found for the graduates, his training is mainly given in the land grant colleges of the various states.

NOTICE OF

Telephone Meeting

The annual meeting of the Peoples' Telephone Union will be held at the Court House in Maryville, Mo., Saturday, March 8, 1919, at 2 o'clock p. m., for the election of officers for the ensuing year and such other business as may legally come before the meeting.

A. M. HUGHES, President,
W. O. GARRETT, Secretary.

LAST HOUR SENATE MEASURE

Were Going on Record in Favor of Demobilization in U. S. Camps, But Gavel Fell.

Washington, March 4.—The sixty-fifth congress, the "war congress" adjourned sine die at noon today. In the senate the members were going on record in favor of the demobilization of troops of cantonments in the United States within thirty days when the vice-president's gavel fell. The demobilization question came most unexpectedly at the end of twelve hours of filibuster to prevent the passage of the general deficiency bill with its railway expense appropriation. This not only defeated the general deficiency bill but in addition three or four other important appropriation measures—army, navy, agricultural and sundry civil bills.

37 WONT HAVE THE LEAGUE

Republican Members of Senate in Next Congress Serve Notice on President They Cannot Support Plan.

Washington, March 4.—Thirty-seven of the forty-nine Republican members of the Senate in the next Congress, which will ratify the peace treaty, served notice last night on the President and the peace conference that they cannot support the League of Nations constitution in its present form. The resolution was offered in the senate at midnight by Senator Lodge and declared that the league constitution as submitted by President Wilson "should not be accepted by the United States," and called upon the peace conference to conclude peace at once with the enemy and reserve the peace league plan for later "careful and serious consideration."

HAS 8,500,000 ILLITERATES

Bill Introduced in Congress to Aid States in Education—Is a National Problem.

Eight and a half million persons in the United States more than 10 years old, cannot read a newspaper, billboard, car card, sign, booklet or letter in the American language. Five and a half millions of them cannot read anything in any language.

These illiterates and aliens outnumber all the people in Nevada, Wyoming, Delaware, Arizona, Idaho, Mississippi, Vermont, Rhode Island, North Dakota, Oregon, Maine, Florida, Connecticut and Washington combined. They exceed the total population of Canada. As voters, their ballots will outweigh the influence of Greater New York, Philadelphia and Chicago in national affairs.

Such people must be educated at least sufficiently to read the Constitution of the United States and American the Administration believes.

This problem is national. The South leads in illiterates. The North leads in the non-English-speaking peoples. Seventeen and one-fourth per cent of the people of the East and South Central States are illiterate, but 15.8 per cent of the people in Passaic, N. J., cannot read, speak or write English. Sixteen per cent of the people of the South Atlantic States are illiterate and so are 13.2 per cent of the people and Fall River, Mass.

Senator Hoke Smith has introduced in the Senate and Congressman William B. Bankhead, the Smith-Bankhead Americanization Bill.

This bill directs the Secretary of the interior through the Bureau of Education to co-operate with the several states in the education of illiterate peoples and in the preparation of teachers for the work. The appropriations begin at once and ends in 1926.

The Chinese do not beckon as we with the palm of the hand turned in, the fingers curled and the index finger successively bending and straightening. They beckon with the fingers curled downward, sweeping the whole hand vigorously back and forth.

Owing to their superstition regarding odd numbers, the Siamese strive to have in their houses an even number of rooms, closets, windows and doors.

WILSON PUTS BLAME

SAYS "WILLFUL LEGISLATORS" HELD UP IMPORTANT MEASURES

THE FILLIBUSTER WINS

Besides the General Deficiency Bill, Army, Navy and Agricultural Bills Fail of Passage.

Washington, March 4.—President Wilson in a formal statement issued from the White House this afternoon restated his refusal to call an extra session of next congress and puts the blame directly upon those "willful legislators" who obstructed important measures in the closing hours of the sixty-fifth congress and bespoke confidence of the American people in the course he has taken.

"I confidently hope the people of the country will think I am making the right choice," he said.

Washington, March 4.—Administration leaders in the senate shortly after 10 o'clock admitted defeat and announced their intention of allowing the filibuster against the general deficiency bill to take its course without further efforts to interrupt it. Senator Sherman of Illinois, who began speaking at 7:30 o'clock, still occupied the floor when the announcement came. Director General of Railroads Hines and Secretary of Treasury Glass appeared in the lobby about the same moment.

Besides the general deficiency bill with its 750 million dollars appropriation for defraying the expenses of federal railway control, the army appropriation bill, the navy appropriation bill, the agricultural bill and sundry civil bills will fail of passage at this session of congress.

42d TO AID IN VICTORY DRIVE.

Washington, March 4.—Sailing for home of the forty-second division (Rainbow) has been advanced ten days so the men may arrive in this country April 25 and co-operate in stimulating interest in the Victory loan drive, which is scheduled to start about that time, the Treasury department announced today.

GOING ON ANOTHER STRIKE.

Berlin, March 4.—A general strike involving one million five hundred thousand workers is effective today. It is rumored the Spartacides and Independents control thirty thousand armed men. The feeling runs high. The government officials are gloomy and fear ousting of government troops. It is feared much blood will flow.

MARTIAL LAW AT BERLIN.

Copenhagen, March 4.—Martial law was declared at Berlin, Spandu and Tellow today by the Prussian government to protect the workers from famine and terrorism of the minority, said a Berlin dispatch.

Returns to Wisconsin.

M. A. Pierce of Eau Claire, Wis., who has been visiting his aunt, Mrs. Margaret Pierce, and his cousins, Mr. and Mrs. W. C. Pierce and Miss Hattie Pierce, for several days, will leave tonight for his home.

Obtain License in St. Joseph.

A marriage license was issued in St. Joseph yesterday to Miss Ruth Merrigan of Clyde, and Emmett Growney of Conception Junction.

To Live in Oklahoma.

Mrs. Mary T. Wright and her daughters, Elaine and Billy, left this morning for Collinsville, Okla., to make their home. Mrs. Wright has recently purchased a photographic studio at Collinsville and will take charge of it immediately.

In paving their streets the Russians use bricks made of a combination of coal dust, treacle and resin.

WEATHER FOR TODAY

Fair and colder tonight; Wednesday fair with rising temperature.

BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of kidneys are usually indicated by stiff lame backs and other wrenching pains, which are nature's signals for help!

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of the pure, original GOLD MEDAL Haarlem Oil Capsules, imported fresh every month from the laboratories in Haarlem, Holland. Pleasant and easy to take, they instantly attack the poisonous germs clogging your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.

A SKIDMORE BOY IN ROME.

Paul Karr, with U. S. Naval Forces, Writes of Visit in Ancient City.

Paul W. Karr, of Skidmore, with the American Naval Forces in Eastern waters, in a letter to home folks, writes interestingly of a trip to Rome. His letter follows:

January 26.—We are on our way to Spezia, Italy, where there is a large naval base. None of us know what we are going for, as it was not on our schedule before we came to Rome. Some say we are going there to get our medals or service stars from the Italian government for service during the war, while others claim these boats are going to be sold to them. This trip I was in Rome three days. The Y. M. C. A. gave us dances and we had some wonderful times, as there were a number of Red Cross nurses to help entertain us. It was the first chance we had to talk to American girls since we left the States. Of course we had our own jazz band which always makes a hit. We were shown a pillar in the temple that Christ leaned against, the temple is said to be the one that was being used by the people as a market place at that time. Also in St. Peter's we were shown a sword with which a Roman soldier was said to have stabbed Christ. We saw the ruins of the Forum, the Coliseum, Circus Mazimus and ate dinner in a room that was once a part of the palace of the Caesars. In the Forum we were shown where the body of Julius Caesar was buried and the spot where he was stabbed by Brutus. We also saw the place where Mark Anthony delivered his speech against Brutus. We also met some fine people there. A Rumanian princess and her two daughters of the American Consul at Rome were there. Had we been there two weeks earlier we would have gotten to see President Wilson. I couldn't begin to tell you all about the ancient art we saw at all the different places. Most of the original paintings and statues were in the Vatican, but some of the work of Michael Angelo still remained in St. Peters as was also some of the work of Raphael. It has been a year and four months since I came over, and I hope it won't be long before I can start back. It is getting rough and I will quit.

PAUL W. KARR,
U. S. S., C 124, U. S. Naval Forces.

The first Moro girls ever graduated as nurses received their diplomas as members of the class of 1918 from the Philippine general hospital.

PLAN MARCH ON MUNICH.

Zurich, Mar. 4.—Troops are being concentrated at Passau, Ratisbon and Ingolstadt to march upon the Bavarian capital, according to frontier information today.

MARRIED 68 YEARS.

Meriden, Conn., Mar. 3. — Mr. and Mrs. George A. Parker have just observed the sixty-eighth anniversary of their wedding at their home here. Mr. Parker is enjoying fine health at ninety-three and Mrs. Parker at eigthy-five, is very active. They were married in Vermont in the fifties and drove the entire distance to this city with horse and wagon when they removed here in 1859.

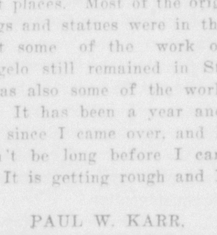
This is the Stove Polish YOU Should Use



IT'S different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—one quality.

Black Silk Stove Polish Works
Sterling, Illinois

Use Black Silk Air-Drying Iron Enamel on grates, registers, stove-pipes—Prevents rusting. Use Black Silk Metal Polish for silver, nickel or brass. It has no equal for use on automobiles.

"A Shine in Every Drop"

TELL US TO CALL AND TEST OUR PROMPTNESS AS WELL AS OUR WORKMANSHIP.

The minute you tell us you have a garment ready for cleaning, pressing or repairing, that minute we start for your home and return the work to you when promised. We positively guarantee that our workmanship is PAR EXCELLENCE.

REIMER'S MARKET
410 NORTH MAIN ST.

Brilliant Dancing Party.

The pre-lenten dance given last night in the K. of C. hall by Mrs. William Foster, was an unusually charming affair attended by forty-eight couples. The decorations were of oriental brilliancy and the plan used was one of the most novel and attractive ball room features ever introduced. The ceiling was covered with a black crepe paper canopy from which were suspended numerous bubble balloons and myriads of lights in Japanese shades. The Japanese effect was carried out in other decorations. Punch was served and upon entering, each person was given a number. Later the numbers were drawn out and the prize favors won by Miss Thurla Spoor and Frank Schrumacher. The music was given by a five piece orchestra composed of Mrs. Vera Sayler Pickett, Mr. Sanford, Frank and Ed Schumacher and Ralph Yehle. Mrs. Foster will hold an informal dance tonight at the hall and with the beginning of Lent tomorrow, there will be no dances during the remainder of this week and hereafter until the close of Lent, there will be only the Thursday night class and informal dances each week.

Great Sacrifice of France for America.

France has put 6 million of her 36 million population into the trenches and has poured out her life's blood for America and Democracy. In addition we owe her a large debt of gratitude for a perfect remedy for stomach, liver and intestinal ailments wheich her peasants discovered and successfully used. The ingredients are now imported and sold by Geo. H. Mayr, leading Chicago chemist, under the name of Mayr's Wonderful Remedy. Marvelous results are said to have been achieved by it here. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

FUEL SAVING

In these days of high priced fuel you cannot afford to use a cheap range or any range that wastes fuel. If it only wastes 5c worth of fuel a day you waste $18.25 a year or about the price of a Copper-Clad every 5 years.

The four walls and air space of the Copper-Clad Range holds heat like a thermos bottle. Even the doors are double with a big air space between the two walls.

The sheet of pure copper between the asbestos and outer wall or rang body overcomes all internal rust, making the Copper-Clad last years and years longer than any other range.

Add $18.25 to the price of any range for the first year, then $18.25 for the second and so on every year. You can't afford to buy any range but a Copper-Clad — THE WORLD'S GREATEST RANGE.

WAR CONGRESS ENDS

(Continued from page 1)

President was standing for abroad. It is to be noted, however, that the majority of the Senate always was strongly behind the President in his efforts overseas.

The second session was the longest Congressional session ever held. It took up 354 days.

The Sixty-fifth Congress, during the progress of the war, delegated more power to the President and the executive departments than any Congress ever has in the past.

The Congress that expired today enacted more laws, the constitutionality of which could be seriously called into question, than any other Congress. The laws all were enacted, however, in the interest of winning the war.

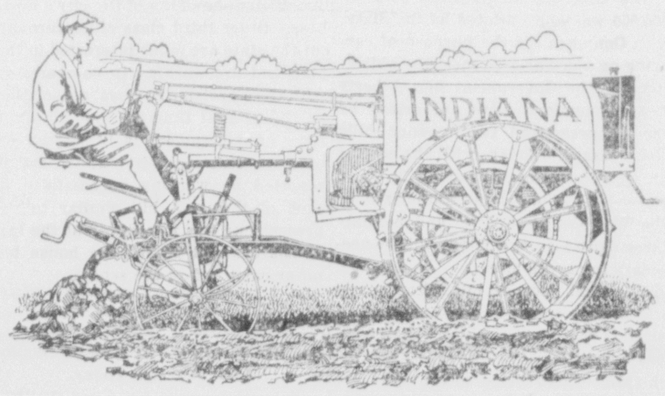
Keep Your Eye on this Tractor



Economy in production is as important as conservation after production. Labor shortage and high production costs make labor saving machinery and better methods imperative. Thomas Edison, the world's greatest exponent of labor saving machinery says: "The horse is the most unscientific maker of power in use today." Any tractor, therefore, which actually replaces horses, eliminating their keep and investment, should be regarded as economical. To replace horses satisfactorily, the tractor of course, should not do only all that horses do, and more of it, but do it at less cost. With these facts prominently in mind, we offer the farmers the

Indiana Tractor

which has been especially designed to cover the widest range of use and to operate at the lowest possible cost. This tractor can be used on your plow, disc, harrow, corn planter, cultivator, seeder, mowing machine, grain binder, corn binder, or any machine horses can be hitched to.

Anyone interested in a silo ensilage cutter or farm tractor, either notify the Indiana Silo Co., at Des Moines, or Kansas City, or

J. L. Larison

their local agent, wider known as Silo John, Bedford, Iowa, and he will explain the proposition and give you prices.

Larison Bros. will have a tractor in operation at the farm 7 miles east of Bedford, Iowa, that can be seen at any time.

SOCIETY and CLUBLAND

By KATE SCHENCK

PHONES—OFFICE 42. HOME 685

Entertains Bridge Club.

Miss Clara Sturm entertained the Tuesday Afternoon Bridge club with a bridge tea this afternoon. The visiting guests were Mrs. M. Nusbaum, Mrs. B. M. Chandler, Mrs. Will Phares and Mrs Fayette Bellows.

To Hear Concert Singer.

Dr. and Mrs. D. J. Thomas will go to St. Joseph this evening to her Miss Lucy Gates, the young American soprano with the Barrere Ensemble in concert at the auditorium tonight. While in St. Joseph Dr. and Mrs. Thomas will be guests of Mr. and Mrs. S. F. Oakford.

Meeting Place Changed.

The meeting of Circle number two of the First Baptist Women's auxiliary, which was to have been held with Mrs. Bruce Montgomery on Thursday afternoon, has been changed to the home of Mrs. Henry Eckert on West Seventh street and it will meet at 2:30 o'clock Thursday afternoon. Mrs. Montgomery's little daughter, Jean, is ill, and for that reason the change is made. Mrs. C. D. Nicholas will be leader of the program hour.

Dinner for Navy Boys.

Mr. and Mrs. Harley Dowis, living northeast of the city, gave a 6 o'clock dinner Sunday evening in honor of Glee Bainum, Orla Watson and Alson Smith, who have just returned from service in the navy. Plates were laid for Miss Mable Allison, Miss Essie Watson, Miss Inez Duncan, Miss Zola Dowis, Alson Smith, Orla Watson, Glee Bainum, Charles Tucker, and the hosts. The dinner was also a farewell compliment to Alson Smith, who leaves soon for Ottawa, Kan., to make his future home.

Mr. and Mrs. Stoner Entertain.

Mr. and Mrs. Byron Stoner entertained the members of the Maple Leaf Telephone club with a pleasant party Saturday night at their country home northeast of the city. An oyster supper was served. Those present were Mr. and Mrs. E. R. Brown, Mr. and Mrs. C. P. Dowis, Mr. and Mrs. E. E. Dowis, Mr. and Mrs. Preston Dowis, Mr. and Mrs. Pankan, Mr. and Mrs. Bode Duncan, Miss Anna Alyn, Miss Esther Dalton, Misses Marjorie, Eula and Leta Dowis, Miss Miria Brown, Miss Daisy Miller, Miss Esther Stoner, Mr. and Mrs. Jesse Johnson, Miss Carrie Dowis, Raymond and Roy Duncan, Luther Brown, Virgil Stoner, Howard Blake, Willie Alyn and Mr .and Mrs. Stoner.

Entertain Co-Employes.

Miss Gertrude Condon, Mrs. Gay Leeper and Miss Agatha Kirch entertained the women employes and the wives of the men of the Alderman-Yehle dry goods store with a domino party last night at the home of Miss Condon on West First street. The prizes for the high score were won by Mrs. C. W. Yehle and Miss Neva Key. The luncheon and game favors were carried out in pink and white. The guests were Mrs. C. W. Yehle, Mrs. M. J. Alderman, Mrs. L. B. Tracy, Mrs. John Schwartz, Mrs. R. G. Allan, Mrs. John Kirch, Mrs. B. E. Condon, Mrs. Mary Wyatt Moore, Mrs. Hope Dewitt, Mrs. R. C. Bohart, Mrs. Blanche Lawler, Mrs. Milton Garrett, Misses Katherine and Theresa Yehle, Miss Vada Foland, Miss Charity Wiseman, Miss Emma Ballenger, Miss Prudye Saunders, Miss Verna Crosby, Miss Epha Drumm, Miss Neva Key, Miss Ruby Key, Miss Addie Yeo, Misses Mildred and Jennie Evans, Miss Hilda Lahr and Miss Marie Cook.

Business Women Forget Work.

The Business Girls' League put yard measures, styles and office problems in the cannery last night and held a kid party at the high school. All were dressed in juvenile costumes, there was an impromptu program in which all took part or paid a forfeit, and there was refreshments of striped candy, ice cream cones and other eats of the favorite childhood brand were served.

Dried white mulberry is one of the principal articles of food in Afganistan.

Another Auction Day

The auction sale of general merchandise last Saturday was one of the most interesting events in the history of Arkoe and all those who attended took home with them some rare bargains. But the big stock was too much for one day's selling. So, in order to clean up the last remaining piece of merchandise, we are going to repeat the performance

Saturday, March 8

The SALE WILL START AT 11 O'CLOCK AND WILL CONTINUE UNTIL EVENING. At noon the ladies of the Methodist church of Arkoe will serve another of their delicious lunches, so be sure and be there in time.

THERE STILL ARE PLENTY OF RICH, RARE BARGAINS FOR ALL AND THEY GO AT THE PRICE YOU NAME.

ALL PERSONS HAVING ACCOUNTS AT THIS STORE will please call and settle this week, as I wish to get the decks cleared for action on the farm as soon as possible.

T. W. COULTER,
ARKOE, MISSOURI.

Druggists: Vick's Vaporub Shortage Overcome at Last

The Deal Scheduled for Last November Which Was Postponed on Account of the Influenza Epidemic, Is Now Re-Instated—Good During the Month of March.

OVER ONE MILLION JARS OF VAPORUB PRODUCED EACH WEEK.

It is with pride that we announce to the drug trade that the shortage of Vick's VapoRub, which has lasted since last October, is now overcome. Since January 1, we have been running our laboratory twenty-three and a half hours out of every twenty-four. Last week we shipped the last of our back orders, and retail druggists, therefore, are no longer requested to order in small quantities only.

NOVEMBER DEAL RE-INSTATED.

This deal, which we had expected to put on last November and which had to be postponed on account of the shortage of VapoRub, is re-instated for the month of March. This allows a discount of 10 per cent on shipments from jobbers' stock of quantities of from 1 to 4 gross, 5 per cent of this discount is allowed by the jobber and 5 per cent by us.

We advise the retail druggists to place their orders immediately, so that the jobbers will be able to get prompt shipments to them.

THANKS TO THE PUBLIC DUE THE DRUG TRADE DURING THE INFLUENZA EPIDEMIC.

The thanks of the American public are certainly due the entire drug trade—retail, wholesale and manufacturing—for what they accomplished during the recent influenza epidemic. The war caused a shortage of physicians—nurses were almost impossible to obtain—the demand on the drug trade was unexpected and overwhelming, and to this demand they responded nobly. Retail druggists kept open day and night and slept where they dropped behind the prescription counter. Wholesale druggists called their salesmen off the road to help fill orders—hundreds wired us to ship Vick's VapoRub by the quickest route, regardless of expense.

A TREMENDOUS JOB TO INCREASE OUR PRODUCTION.

In this emergency we have tried to do our part. We scoured the country for raw materials—our Traffic Manager spent his days riding freight cars in—we shipped raw materials in carload lots by express and pleaded with manufacturers to increase their deliveries to us.

But it was a slow process. Some of our raw materials are produced only in Japan—supplies in this country were low and shipments required three months to come from the Far East. Then we had to recruit and train skilled labor. We brought our salesmen into the factory and trained them as foremen. We invented new machinery, and managed to install it on Christmas day, so as not to interfere with our daily production.

143 JARS VAPORUB EVERY MINUTE DAY AND NIGHT.

By January 1 we had everything ready to put on our night shift, and since then our laboratory has been running day and night. To feed our automatic machines, which drop out one hundred and forty-three jars of VapoRub a minute or one million and eighty thousand weekly, has required a force of 500 people. Our Cafe Department, created for the benefit of these workers, served 7,000 meals during the month of January alone.

13 MILLION JARS OF VAPORUB DISTRIBUTED SINCE OCT.

An idea of the work we have accomplished this Fall may be given by our production figures—13,028,976 jars of VapoRub manufactured and distributed since last October—one jar for every two families in the entire United States.

During the influenza epidemic, Vick's VapoRub was used as an external application in connection with the physician's treatment, and thousands of people, unable to obtain a doctor, relied on Vick's almost exclusively.

Literally millions of families all over the country, from California to Maine, and from the Great Lakes to the Gulf, have found Vick's VapoRub the ideal home remedy for croup and cold troubles.

VICK'S VAPORUB
30¢ 60¢ $1.20 "YOUR BODYGUARD"

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50

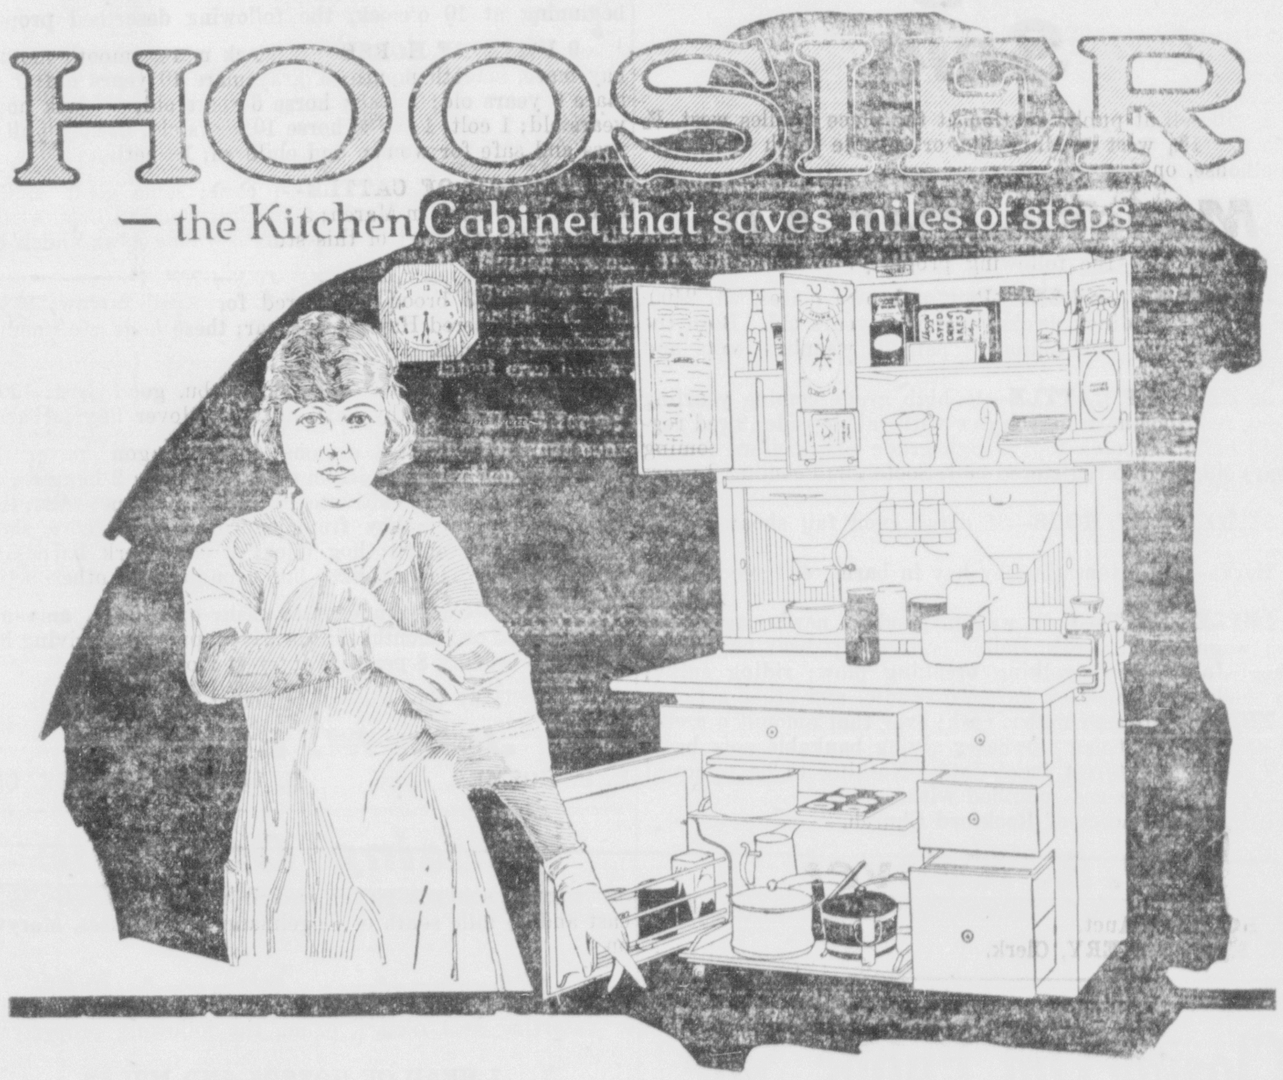
HOOSIER
— the Kitchen Cabinet that saves miles of steps



"I've banished evening weariness by saving needless steps"

START THE SEASON RIGHT by selecting YOUR Hoosier today. This automatic servant is the right of EVERY woman. With its many work-reducing inventions, the Hoosier is equally as important as the modern appliances that make man's work easier and his days more enjoyable.

In Hoosier homes it saves, each day, thousands of miles of needless steps and as many wasted hours—its 17 exclusive features cut kitchen work in half and, when evening comes, exhaustion is unknown.

America's twenty million kitchens is our biggest industry, yet it is equipped with fewer labor-saving devices than any other. Woman and woman's work have been neglected. The fault, in many cases, is her own. She has not demanded this "greatest helper."

Not only does the Hoosier solve home-keeping problems, but it adds attractiveness to woman's workshop. It removes the need for apology and saves energy by centralizing utensils and supplies.
